Love the pattern!

Four of our favourite Signature laying patterns

At Amtico, we celebrate the use of pattern. It adds so much more character to the home. Honey-coloured oak, tropical rosewood or fossil stone, beyond the texture, colour or sheen of a material, it is the laying pattern that will add that unique finish to your floor. Arranged as randomly laid planks or slim parquet tiles, the laying pattern can set the tone for the rest of your interior.

Graphite Slate in Random Plank Xtra laying pattern.

Shimmer Denim, Shimmer Metal, Patina Vapour, Patina Lune and Equator Wave in a Herringbone Pleat laying pattern.

2. SIMPLE: Random Plank
A modern take on a stately style that uses varying plank widths.

Laying patterns offer the possibility to create distinctive flooring designs. With a wide range of laying patterns to choose from, Amtico Signature allows you to create your own individual floor design. The versatility of Amtico Signature enables you to select wood, stone and abstract products in a laying pattern of your choice.

4. BEST SELLER: Herringbone
Contemporary or traditional: the popularity of herringbone lies in the reminiscence of beautiful parquet floors.

1. COOL: Basket Weave
Elegant and timeless, this traditional woven style is having a renaissance.

3. CLASSIC: Flagstone
Smooth slabs of stone in varied sizes create a classic look.

For an effect that's both simple and dramatic, a patterned motif is a cool, contemporary alternative to a rug. In front of a sofa, or gracing the hallway as you open the front door, these patterns will liven up any floor. Choose your design, select your Signature product and add accent to a space.

Decorative Borders

Enhance and define your look

Create a striking effect in any room by framing the floor with a graphic edge.

If you think of a room as a piece of artwork, a border on your floor is the frame. When pulling a scheme together, the simplicity of a slim line or a bold Art Deco pattern adds interest and smartens up an interior. Perfect for defining areas in a free-flowing space or sharpening up the aesthetics of a lounge, choose your border, select your Amtico Signature product and bring your floor to life. Alternatively you can define your look with traditional laying patterns only.

TREND
ALERT

Rustic Florals

Take your cue from the simplicity of vintage florals and add a twist of the bohemian for a look that is modern and oh-so pretty.

The current trend for all things botanical is not about floral overload but creating a neutral backdrop with a natural, artistic feel. Recreate this look by choosing a simple, yet stunning colour scheme, and contrast antique furniture with modern. Less is more with flowers: their aroma and colour will enhance the room. This soft approach to florals brings a chic, yet classic look, reminiscent of a rustic Parisian style.

Bring a touch of rustic florals into your home and accessorise with cushions, wallpaper and garden flowers.

RUSTIC
FLORALS

The warm, soft tones of pastels and greys work wonders against bolder patterned blooms.

TREND

Graphic Geometric

Bold colours and monochromatic design, the geometric trend brings impact to your home.

Inspired by Italian design hero Ettore Sottsass, spaces punctuated with graphic accents in primary colours are big news. Loud patterns, bright colour combinations and a monochromatic backdrop add to the postmodern feel.

To achieve this look, think mid-century pieces with a contemporary twist. Don't be afraid to be bold with colour. By mixing understated, modern furniture with opulent accessories and the occasional burst of brights, you can balance opulence and minimalism. This rich mix of pattern, colour and geometric prints works well against slick and eye-catching flooring in cool-toned materials, such as slate and stone.

The current trend for pattern is anything goes, so long as it's geometric.

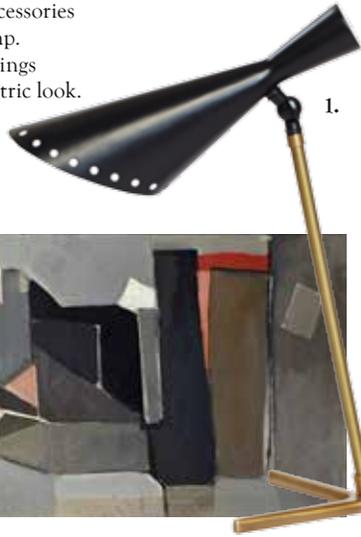

GRAPHIC
GEOMETRIC

Pick a palette of complementary shades and dream up a design of your liking.

with Amtico Signature

1. Add quirky accessories like this Bird lamp.
2. Abstract paintings soften the geometric look.

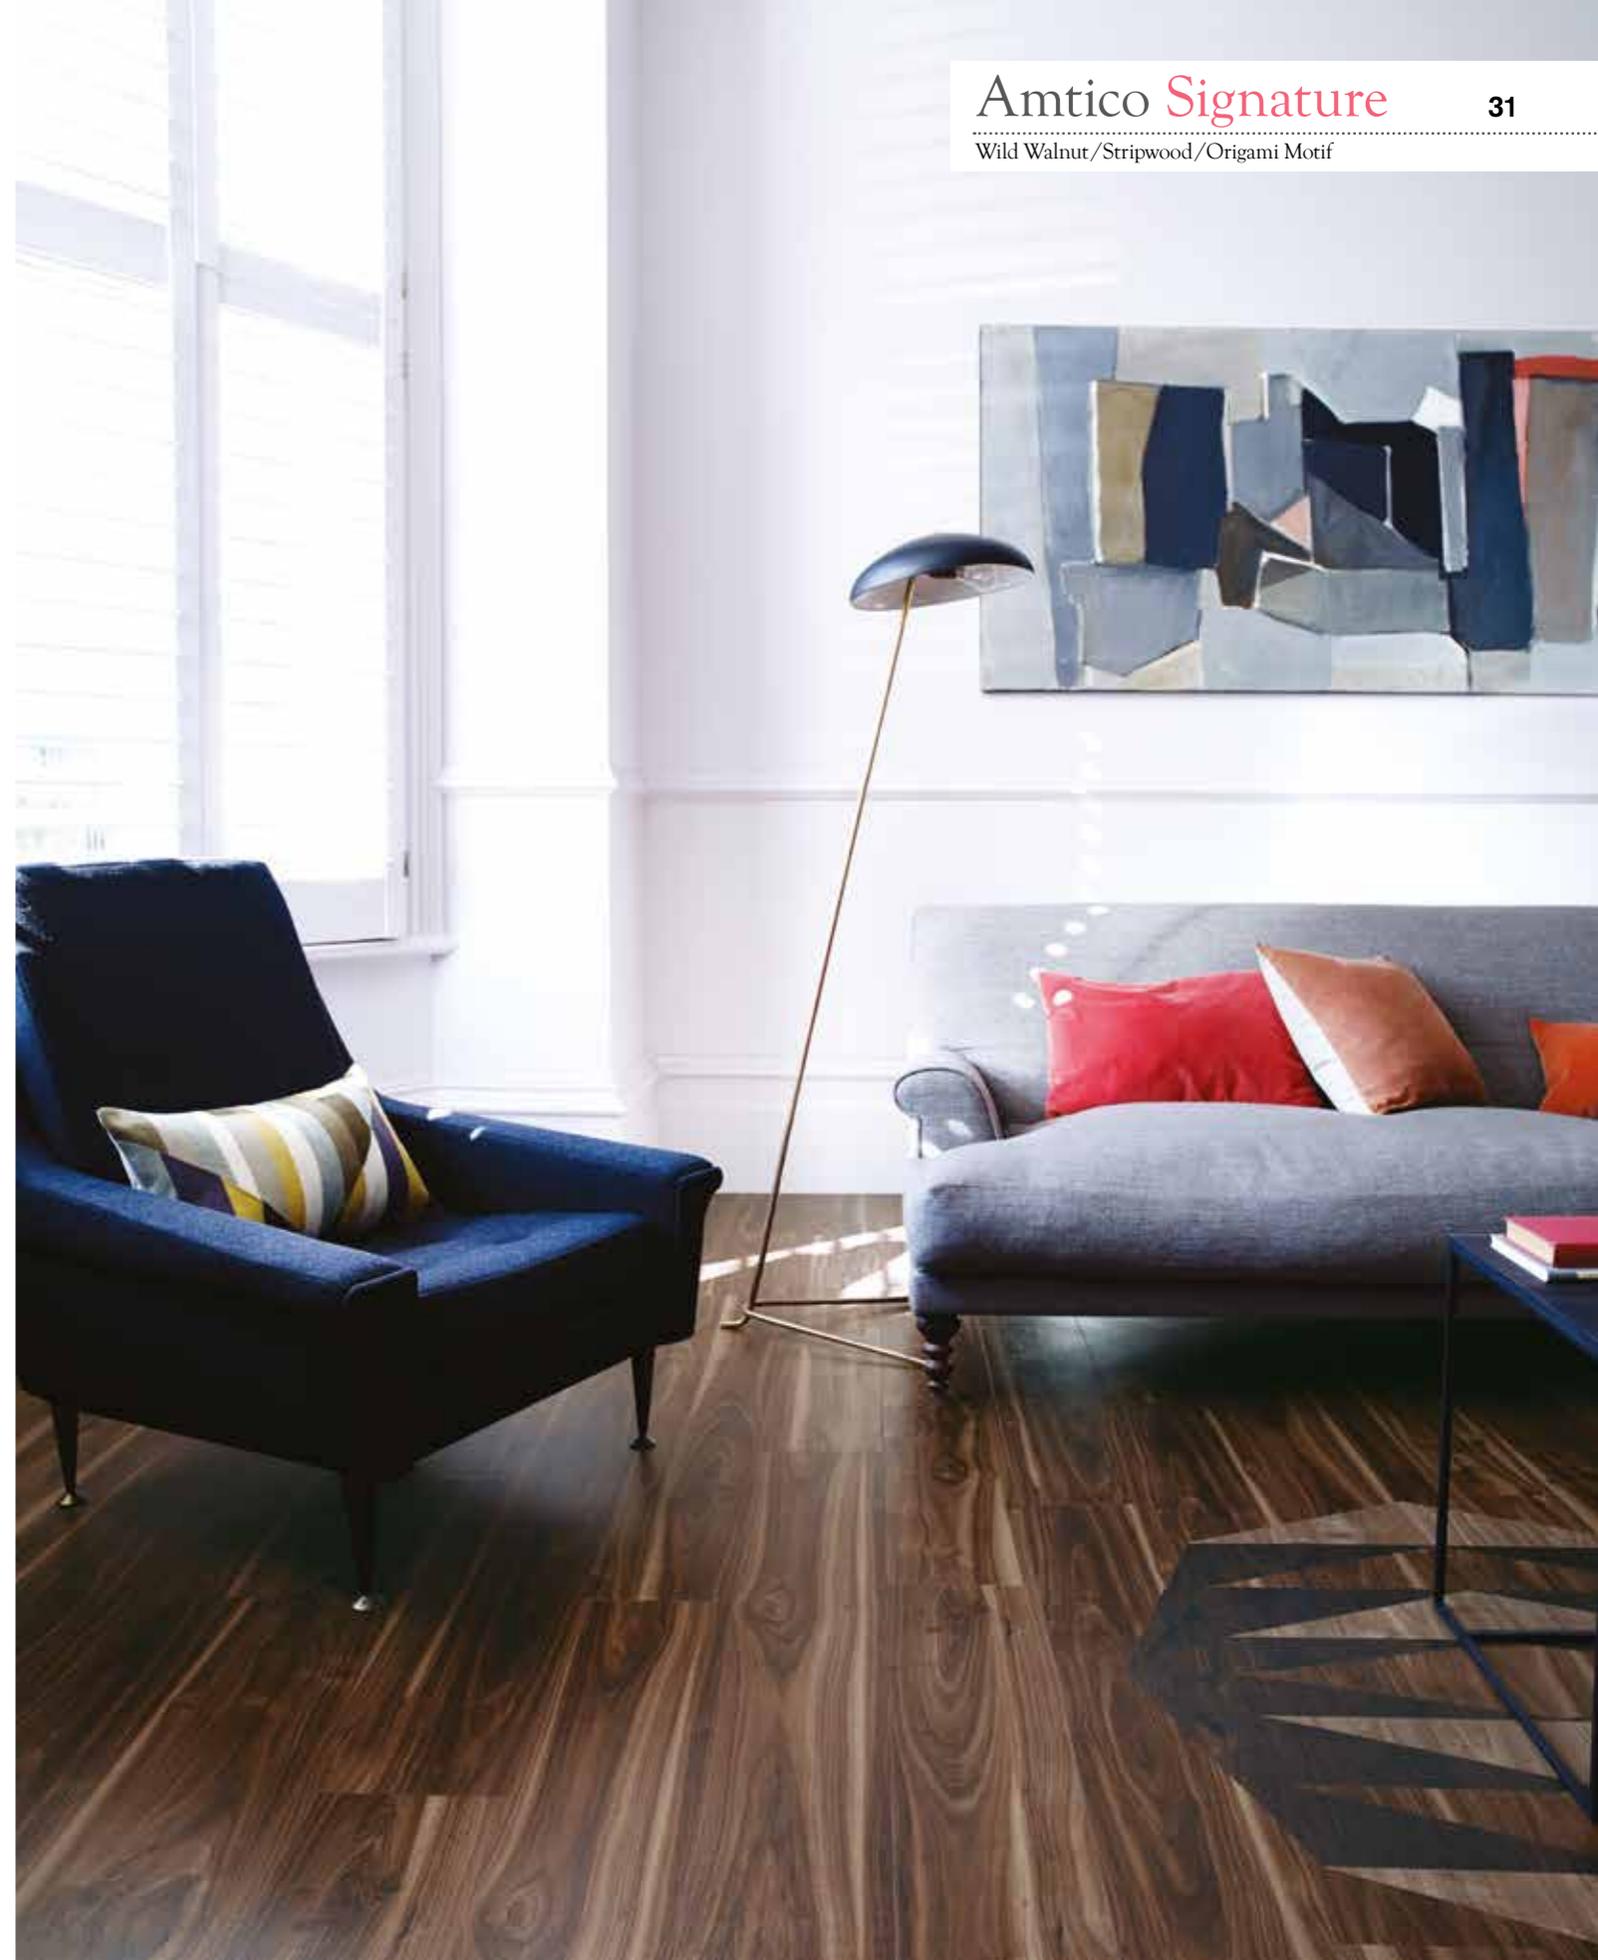

3. Strong linear shapes are the perfect base for this trend.

You don't have to use a rug to create a feature floor – our patterns and designs work brilliantly too. Select from our palette of complementary shades – in this case, on-trend Dark Walnut, Classic Walnut and Wild Walnut – and dream up a design of your liking. From a simple chevron pattern in contrasting colours to a Moroccan-inspired rhombic tiled floor, the designs may be classical, but when offset against contemporary furniture, feel very now.

4. Origami Motif in Wild Walnut, Classic Walnut and Dark Walnut.

Nomad

Pay homage to the trend for global style and take inspiration from your travels to create something exotic yet down-to-earth.

Show your passion for exploration with carefully collected pieces. It's the authentic details, muted colour palettes and thumbed travel journals that will evoke memories of your journey that you will want to capture forever.

Whether you've taken inspiration from the rich, exotic vibrancy of Marrakesh, or the tranquil, rolling hills of Tuscany, the universal diversity of our flooring will match any wanderlust style.

Keep memories at the forefront of your mind by creating a feature wall from old postcards and photographs.

Taking a global approach to interior design, this look is about bringing your adventures home. Best showcased on a neutral backdrop, mix textures and finishes with an organic vibe. Rough-hewn flagstones and weathered timbers such as Exposed Concrete and Fumed Oak bring a worldly feel, whilst a pale parquet floor is striking against matt white walls and globe-trotting souvenirs.

- 1. Search car boot fairs for vintage accessories.

Making the most of your floor

Whilst Amtico floors are built to last, all things look better if given a little care...

Perfectly pristine

To keep your floor as immaculate as the day it was fitted, it's wise to fit your furniture with protective felt feet. Included in our Amtico Starter Kit, they reduce the risk of scratching to your floor.

Looking good

The key to keeping any floor in good shape is to keep it clean and the beauty of Amtico products is that there is very little maintenance required. Sweep frequently, mop occasionally and use an Amtico Entrance Mat to reduce the chance of dirt and grime being walked onto your floor.

Sparkle and shine...

For regular cleans, Amtico Floorcare Maintainer is recommended: this will remove any marks that do not disappear with a light sweep. For full care advice, visit amtico.com or your nearest Amtico retailer.

Clean as a whistle...

As floors get older they can be revitalised using a deep cleaning process with our Floorcare stripper and Floorcare Dressing. The Floorcare Stripper is designed to remove ingrained dirt whilst the Floorcare Dressing protects the floor. Simply apply a solution of prepared Floorcare Stripper, mop the floor, leave for 10 minutes and thoroughly rinse clean twice, allow to dry and then apply our Floorcare Dressing for a fresh new look.

*The warranty is for the lifetime of the purchaser. If the house is sold, the warranty is transferrable to the next and all subsequent owners, with a limit of 35 years from installation.

Every effort is made to achieve accurate reproduction of products in this brochure, however printing limitations can be misleading. Selection of products should be made from actual samples. Samples are small pieces cut from standard tiles. They only give a general indication of the design. Tone and shading can vary slightly from batch to batch, and it is not possible to guarantee that the sample will exactly match the material supplied. The policy of the Company is one of continuous development and improvement and the right is reserved to add or delete from the range or change patterns without prior notification.

The Lifetime Warranty means that in the event of 'wear-out' from normal foot traffic, the floor will be replaced free of charge. Wear-out means the removal of the pattern and colour from the Amtico floor caused by the removal of the protective wear layer. Damage caused by stains, spillages, burns, scratches, indentations, floods and any other accidents or abuse, as well as any reduction in the surface gloss due to normal wear and tear is excluded from the guarantee.
